Network Monitoring & Intrusion Detection

INSTRUCTIONS:
Please respond to each question by placing an "X" in the "Yes", "No" or "N/A" column or by providing the information requested. Use the "Tab" key to move between items. Use the "Additional information" field for explanatory comments, if necessary. If an item does not have an "Additional information" field, and you need to explain your answer, use the space at the end of the questionnaire and reference the item being explained, e.g. RE: Item 1.2-This is the explanation.

Questionnaire completed by: _____

Contact number for follow-up questions: _____

Date Completed: _____

1. Policies and Procedures

Number	Question	Yes	No	N/A
1.1	Is there a written network monitoring/Intrusion (IDS) policy for the organization? *If you answered "No" to this question, skip to Section 2,Administration and Configuration* Additional information:	☐	☐	☐
1.2	Has the network monitoring/IDS policy been approved by the Board of Directors or by management? Additional information:	☐	☐	☐
1.3	Is the network monitoring/IDS policy reviewed on a regular basis and updated as the environment changes? Additional information:	☐	☐	☐
1.4	Are there different network monitoring/IDS policies, procedures or software used for different areas of your network? (for example: you have a different network monitoring/IDS policy or procedure or use different software in your branch offices or in the DMZ than you use on the LAN) Additional information:	☐	☐	☐
If policies, procedures or software differ in your network, use the "Additional information" area to explain differences where they exist. **Please provide an electronic copy of all network monitoring/IDS policies and procedures when you return this questionnaire to the auditors.**				

1.5	Do IDS policy and procedures include the following elements:			
1.5.1	Purpose	☐	☐	☐
1.5.2	Scope	☐	☐	☐
1.5.3	Periodic revision requirement	☐	☐	☐
1.5.4	Definitions (If required)	☐	☐	☐
1.5.5	Enforcement provisions	☐	☐	☐
1.5.6	Revision history	☐	☐	☐
1.5.7	The way in which IDS software or appliances should be configured	☐	☐	☐
1.5.8	A list of personnel authorized to change IDS configurations	☐	☐	☐
1.5.9	Backup of IDS configurations & off-site storage of configurations	☐	☐	☐
1.5.10	Updating IDS IOS or software	☐	☐	☐
1.5.11	IDS logging and monitoring requirements	☐	☐	☐
1.5.12	A network administrator/help desk response process for attacks	☐	☐	☐

2. Administration and Configuration

Number	Question	Yes	No	N/A
2.1	Is the IDS solution outsourced? Additional information:	☐	☐	☐
2.1.1	To which vendor?			
2.2	Describe the methods used to limit access to the IDS administrative interfaces:			
2.3	Is the IDS configuration backed up and stored securely in an off-site location?	☐	☐	☐
Please provide an electronic copy of any/all IDS configuration files when this questionnaire is returned to the auditors. If the network monitoring/IDS software or appliance does not support configuration export, provide screenshots of the configuration dialogs.				
2.4	Describe the process for upgrading the IDS appliance or software (who authorizes the upgrade, etc.):			
2.5	Who is authorized to change the IDS configuration?			
2.6	Are IDS logs captured?	☐	☐	☐
2.7	Are IDS logs reviewed?	☐	☐	☐
2.7.1	How often are logs reviewed?			
2.7.2	Who reviews the IDS logs?			

3. Consolidated Request List

Number	Requested Item	Provided	Not Provided	Reason not provided
3.1	Electronic copy of any/all IDS policy(ies), procedure(s) or programs in effect	☐	☐	
3.2	Electronic copy of the IDS configuration file. (If the software does not support exporting configurations, please provide screenshots of the configuration dialogs)	☐	☐	

4. Additional Information for the Auditor on Network Monitoring & Intrusion Detection
